Dear Friend,

I agree with you that the antitrust exemption given to the health insurance industry is a mistake and works against the best interests of consumers. Some experts have noted that it is important that as we do this, we forgive the right of states to insist on protections they have enacted requiring appropriate coverage for the citizens of those states. But I believe that those can be reconciled and I am looking forward to supporting a repeal of the unjustified health insurance antitrust exemption.

Sincerely,

A handwritten signature in cursive script that reads "Barney Frank". The signature is written in dark ink on a light-colored background.
